

ListaDupla::inserirPorIndice

ColunaNomeada::inserirTarefa

ColunaArquivo::inserirTarefa

ListaDupla::inserirFim

```
graph LR; A[ListaDupla::inserirPorIndice] --> D[ListaDupla::inserirFim]; B[ColunaNomeada::inserirTarefa] --> D; C[ColunaArquivo::inserirTarefa] --> D;
```

The diagram illustrates a dependency or inheritance relationship. Three source methods, each in a white box with a black border, are positioned on the left. Blue arrows point from each of these source methods to a single target method, 'ListaDupla::inserirFim', which is located in a gray box on the right. The target box is wider than the source boxes and has a solid gray fill. The arrows originate from the right side of each source box and point towards the left side of the target box.
